STATE'S PAYROLL IN LAKE COUNTY TOTALS \$220,000

Transcript from Springfield Reveals Who's Who in Horner Regime

The payroll for state employees in Lake county totals over \$220,000, it was revealed recently when the News received the county's list of 245 state employees as transcribed from the payroll register at Springfield.

Although the list was complete and accurate when copied at Springfield, changes occur so rapidly under the Horner regime, absolute accuracy on this date is not claimed by the News. Quite recently some employees have been removed from their posts, others may have resigned, and some may have changed their place of residence. The lake county list has to do only with those employees receiving their pay checks at Lake county post offices. It is known that some employees from this county receive their mail at post offices outside the county.

Many "Patronage" Jobs
The Lake county state payroll runs from the long established state positions, recognized through all administrations, to the minor positions usually classed as "patronage jobs," given in return for political favors rendered to the administration in power. A careful perusal of the list of payrollers reveals that some of the Democratic wheel-horses have been favored with more than one job; also in some cases it will be noted that several members of the same family have been given state positions, evidently as political reward for service to the party.

Daily Heads List
Heading the list in amount received from the state is Circuit Judge Ralph J. Daly of Waukegan, who receives an annual salary of \$7,200 for presiding over the courts in the 17th judicial circuit. His two contemporary justices also receive similar salaries. Circuit judges are elected by the people of the district—they receive their pay from the state.

Next in the comparatively high salary bracket is County Superintendent of Schools W. C. Petty, also an elected officer, who receives \$5,000 annually from the state.

Dr. R. R. Bosworth of Highland Park, drew \$2,666.64 for being arbitrator, a part time job, the payroll reveals. Charles E. Deleuw, also of Highland Park, receives \$3,600.00 as acting assistant chief highway engineer. Many instructors connected with the agricultural and home economics courses in high schools also receive part of their pay from state departments.

Some of the salaries listed are annual salaries; some are monthly, and other amounts named represent what the state paid for day work.

County Seat Is Favored
It is interesting to note how the different towns and communities in the county fared in the matter of state patronage. Waukegan, county seat and largest city in the county, has 91 persons on the state payroll; Zion is second with 24 employees drawing state pay; North Chicago has 20; Highland Park 19; Grayslake 17; Libertyville 7; Antioch, Mundelein, Lake Villa and Highland have been favored by the Horner administration with six state employees each. Winthrop Harbor, Ingleside, Wauconda, Fox Lake, and Lake Forest have five each; Round Lake, Grunee and Lake Zurich three each; Ravinia and Deerfield each have two state employees, and Barrington, Great Lakes and Russell have one each.

The complete list of 245 state employees of Lake county appears on page 7.

LAKE VILLA MAN HANGS SELF TO TREE

Soren Sorenson, 65, Found Dead by Wife Monday

Despondency is thought to have been the cause of the suicide of Soren Sorenson, 65, of Lake Villa who took his own life early Monday morning by hanging himself to a tree in his farm yard two miles south of the village.

Sheriff's deputies called to the scene shortly after 5 a. m. Monday found that Sorenson had used a small strand of rope to hang himself to the lower branch of a tree. The limb was so low that the man's knees were touching the ground. It was learned at the inquest that Sorenson apparently had retired at 10 p. m. Sunday night. Mrs. Sorenson missed her husband at 3 a. m. and started the search. She found his body hanging to the tree and notified the sheriff's office.

Sorenson was born in Sweden in 1863. He had been a resident of Lake Villa township for many years. Surviving are his wife and four children—Harry, of Michigan; Mrs. Clara Sherwood of Lake Villa; Mrs. Frank Petroskey of Round Lake; and Howard who lives on the home place. Two sisters also survive—Mrs. L. J. Tweed of Lake Villa, and Mrs. Thomas Burnett of Antioch. Also a brother, Carl, of Tonawhaw, Wis.

Funeral services were held Wednesday at Strang's funeral home in Antioch, and burial was in East Fox Lake cemetery.

INDIAN CHIEF IS BRUNS' OPPONENT AT ROUND LAKE FRIDAY

Giant Cherokee Wrestler Has Remarkable Record; Weights 320 lbs.

Matchmaker Les White conjured Chief Osley Sanooke, Cherokee Indian the most powerful grappler in the ring to come to Peg's Open Air Arena at Round Lake, Friday night, July 16, to wrestle the blond Adonis, Bubby Bruns, in a bout that promises to be one of the greatest seen in this vicinity.

Sanooke is a full blooded Cherokee Indian who towers 6 ft. 4 inches and tips the beam at 320 pounds. When the name of the giant is named as a possible opponent most matmen suddenly remember an urgent engagement, elsewhere. In the past few seasons, the redskin has hung up a remarkable record by his crushing tactics and there are many who believe that if the promoters had not signed Bruns in advance for Friday he would not appear against the Cherokee. The blond youngster is in the midst of a winning streak against some very imposing names of the mat and is in a position where his demands for a title match could not possibly be delayed.

As the semi-final to the Bruns-Chief Sanooke bout Matchmaker Les White has the Chicago tough guy, Rudy Kay, to oppose the speedy Jack Curtis of Indiana.

For the balance of the card Promoter Fred Kohler and White have signed Al Williams to clash with Bully Boy Kogut in a thirty-minute tussle. Williams almost failed to be available for this match but was cleared yesterday by Commissioner George Goetz, of the Illinois Athletic Commission as being no wrong-doer in the disturbance following his match with Al Perry at White City last week. In the other thirty-minute bout "Wild Bill" Brooks faces the Italian invader, Tony Martini, to round out a well balanced card. Friday's Results

Bobby Bruns beat "Okie Shikini," "Japanese sand man," in 26 minutes in the feature bout in the Round Lake Haunted House arena last Friday night. Rudy Kay pinned Al Perry in the semi-final. Phil Gruber, A. A. U. weight lifting champion, and Charley Peterson, veteran grappler from Piskake Bay, wrestled to a 30-minute draw. In the opener Billy Goetz of Chicago flattened Ray Ryan of California in 12 minutes.

ANTIOCH LIONS CLUB TO ELECT OFFICERS FRIDAY

Charter Members to Lunch at Hotel Golden Tomorrow

Charter members of the Lions Club of Antioch, now in process of organization with 20 applications for membership, will hold election of officers following a luncheon at 12 noon tomorrow (Friday) at Hotel Golden.

Sponsored by the Libertyville club, 14 years a member of the Lions international, and Marvin E. Affeld, special representative of the organization, the Antioch club is expected to get off to a good start right from the opening meeting tomorrow. Affeld, working here this week, explained the purposes and benefits that will accrue through being affiliated with an organization which is international in its scope. Twenty applications were on file at noon today, and at least 10 more, making the quota of 30 will be on file by 12 o'clock Friday, Affeld said today.

Will Choose Officers
Officers to be chosen at the luncheon meeting tomorrow are a president, first, second and third vice presidents, secretary-treasurer, lion tamer, tail twister, and four directors.

The International Association of Lions Clubs has more clubs than has any other civic service organization on the North American continent. The history of Lionism dates back to the year 1914 when Melvin Jones conceived the idea of uniting on the basis of service business men's clubs in the United States which had no other affiliations. This was a distinct departure from the practice of forming business men's clubs primarily for business purposes.

Among the worthy objects sought by Lions clubs is to foster a spirit of "generous consideration" among the peoples of the world through a study of the problems of international relationships from the standpoint of business and professional ethics; to promote the theory and practice of good government and good citizenship; to take an active interest in the civic, commercial, social and moral welfare of the community; to unite the members in the bonds of friendship; to provide a forum for the full and free discussion of all matters of public interest, partisan politics and sectarian religion excepted; and to encourage efficiency and promote high ethical standards in business and professions. No club holds out as one of its objects financial benefits to its members.

Public officials, business men and citizens in historic old Galena are joining with joint committees of the Post and Unit in making elaborate preparations for the convention which is expected to be one of the finest the Second Division has ever held.

FARM POULTRY AWARDS INCREASED FOR FAIR

The 1937 State Fair Poultry Exhibit will show a huge increase over 1932 in the number of cash awards to the varieties of poultry most adaptable to Illinois farms. V. R. Usrey, Superintendent of the Division of Poultry Husbandry, announced today.

The increased cash awards will extend to the Antioch County Fair to be held here August 26, 27, and 28, local fair officials stated. Outstanding varieties, such as White Plymouth Rocks, Single Comb White Leghorns, and Barred Rocks, comprise 34, 19 and 18 per cent, respectively, of the Illinois poultry population. These varieties will receive ten cash awards each instead of the three awards given in previous years.

The awards to varieties such as White Face Black Spanish, Blue Andalusians, Buff Brahmans and others, have been reduced because they are less popular from an economic standpoint on Illinois farms.

The reclassification and adjustment of premiums in the past four years has helped to make the Illinois State Fair the outstanding poultry show in the United States and has encouraged the breeding of the more useful varieties of poultry.

Something new in poultry shows has been introduced, Superintendent Usrey stated. Visitors at the poultry exhibit this year will see mature cockerels and hens of each of the 102 varieties listed in the American Standard of Perfection.

This new feature was created for educational purposes and for the accommodation of display exhibitors who might otherwise allow uncommon varieties to become extinct.

100 EMPLOYEES OF LAKE COUNTY GET SALARY BOOST

Supervisors Restore Old Wage Cuts; Costs the County \$7,000

Pay increases voted Tuesday by the Lake county board of supervisors will raise wages of 100 county employees from 2 to 15 per cent and boost the county payroll \$7,074.72.

The increase was voted by the supervisors after a recommendation for the boost had been made by Supervisor David Van Patten of Newport township, chairman of the finance committee. Van Patten, answering the objection that the county may not be able to collect sufficient cash to meet the payrolls, explained that his committee had investigated the matter thoroughly, and that there was certain to be enough money to warrant the added expense.

The new pay schedule for approximately 100 county employees will become effective August 1.

Fee Office Not Affected
Under the recommendation of Van Patten's committee there will be few if any changes in the salaries of employees in county fee earning offices.

With reference to this, the News today received the following communication from County Clerk Russ Alford:

"With reference to the matter of readjustment of salaries throughout the county offices, which matter was called to the attention of the Board of Supervisors by resolution presented at its May 1937 session and referred to the Finance Committee for consideration, upon motion adopted by the Board of Supervisors on July 13th, 1937, I have been requested to notify the various newspapers in the County to the effect that the Board believes it did not have the power to fix the salaries of the fee earning offices."

"They felt the responsibility of clerk hire and salaries shall rest with the respective elected officers of the County and recommended that the County Board take no part in the adjustment of salaries within these offices, owing to the fact that said officers are bonded and required by Statute to keep their expenditures within their respective appropriations."

Sweat and Taxes

With the Federal government ending its fiscal year, and Congress passing tax and appropriations bills, it is time to stop and take stock again.

At the present moment, the federal and other governments are more than \$54,000,000,000 in debt. Which means that each man, woman and child in the land owes \$420. By the time that debt and the interest on it are paid off, it will reach the unbelievable sum of \$106,000,000,000, or \$840 per person.

Where does all that money come from? Well, first it comes from people who buy government bonds. The banks are loaded with bonds. No less an authority than Senator Carter Glass of Virginia, Secretary of the Treasury during the Wilson administration and an outstanding authority on banking, says that if the value of those bonds was to drop substantially below par we would have a banking collapse of inconceivable magnitude.

The banks, of course, get the money from depositors who earn it in the sweat of their brows.

Now it is awfully nice to sit back and accept money from governments and think we don't have to pay for it. But we do. Some of us, perhaps, think that the "temporary" nuisance taxes enacted in 1932 and just extended another two years to raise half a billion dollars a year don't affect us. But those taxes are collected from everybody who eats or wears clothes or lives under shelter. Just like all taxes are.

The late Justice Oliver Wendell Holmes put it this way: "Taxes, when thought out in things and results, mean an abstraction of a part of the annual product for government purposes, and cannot mean anything else. Whatever form they take in their imposition, they must be borne by the consumer, that is, mainly by the working-men and fighting-men of the community. It is well that they should have this fact brought home to them, and not too much disguised in the form in which the taxes are imposed."

When you spend, you pay; when your government spends, you pay, too.

Happiness or Misery?

"What of a deficit?" This was the question asked of a Western governor. The laconic reply was, "It's

the difference between happiness and misery."

It is a tragic fact that more public officials are not farsighted enough to envision the consequences of a program of bigger and bigger deficits.

Not long ago the Federal government attempted to make a slight reduction in the relief rolls. What happened? Governors from six states "marched" on Washington with the demand that Federal largess be continued unabated. Surely these governors realized the necessity of getting the Federal financial house in order. Surely they realized that the public debt has doubled in a few short years. Surely they realized that "deficit financing" by the Federal government cannot continue indefinitely. And surely they must have realized the plain fact, as so aptly stated by the Western governor, that continued deficits will only result in misery—for all the people.

The Upward Pull

The road to full recovery is a steep one. It takes team work to pull up it. Every time the horses pull in opposite directions, the climb is stopped.

To put it another way, recovery is like the ripples that spread across a still pool when you drop a rock in it. If you give a man a job, he is able to buy things that other men have to produce. That takes more jobs. The jobs eventually pile up one upon the other.

But there is something else that can happen. If you deprive a man of a job, he must, after his savings are gone, stop buying things he used to buy. And that deprives other men of jobs. That is what happens when strikes take jobs away from men. The reason most commonly mentioned is that the workmen should get more money.

That idea is sound to the extent that the more money you give to everybody, the better off everybody will be. There is, however, the important fact that the real value of that money—what it will buy—must not be depreciated or you gain nothing.

Let's take a look for a moment that the figures just compiled by Nathaniel H. Engle of the Department of Commerce Business Research and Industrial Service.

Engle finds, for example, that in the first three months of 1937, large corporations earned profits amounting to 80 per cent of what they earned in 1929. But factory payrolls has risen to 88 per cent of their 1929 level. Thus, the amount of money paid to workers is increasing much faster than profits. Which is just another way of saying that workers are getting an increasingly larger share of the national income.

If the worker's share is increased too rapidly, the increase can come from only one place—the consumer, who is himself a worker, pays. And your upward climb is stopped right there.

CHRISTIAN SCIENCE CHURCHES

"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ, Selecat, on Sunday, July 11.

The Golden Text was, "What are these which are arrayed in white robes? and whence came they? . . . These are they which come out of great tribulation, and have washed their robes, and made them white in the blood of the Lamb" (Rev. 7:13, 14).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Blessed are the poor in spirit: for theirs is the kingdom of heaven. Blessed are they which hunger and thirst after righteousness: for they shall be filled. Blessed are the pure in heart: for they shall see God" (Matthew 5:3, 6, 8).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual life and its demonstration" (p. 211).

Respect for Personality

There are few more precious gifts which the home, meaning largely the mother, can give a child than a respect for personality; for this determines how easy he is to live with, in other words, his character.

42 YEARS AGO

A Fine Place to Spend an Outing

The junior of The New staff has

the pleasure of spending a day, accom-

panied by his better half and baby, at

the Ramaker House on the North

Shore of Fox Lake. The hotel is well

filled with a merry lot of people,

young and old, many of whom have

made this hostelry their outing head-

quarters for many seasons past. A

mandolin orchestra delights the guests

at all times, and the entertainment hall

provides a place for dancing or other

amusements. The kitchen is in charge

of Mrs. A. Stevens, an Al cook, and

the menu compares very favorably

with the best hotels of the city. Hav-

ing a large dairy, vegetable and fruit

farm in connection, the table is al-

ways supplied with fresh milk, fruit,

vegetables, etc. The sleeping rooms

are newly furnished and commodious.

The grounds are filled with noble

shade trees, under which are numer-

ous hammocks and tete-a-tete's, while

lawn tennis, croquet and other games

are provided. The steamer Alice is

in commission, with Capt. C. C. Car-

penter in charge, and excursions are

given on the Lake when desired. Row

boats are furnished free to guests. The

management of the Ramaker House

is in the hands of Mr. and Mrs. C. B.

Little, assisted by Mrs. Wm. Ramaker,

and they know a thing or two about

running a hotel. Make them a visit

and judge for yourself.

ning of next week, July 20, 1895, for

by the explosion of fireworks, at Sel-

ter's Sportsmen's Home. The tickets

are 75 cents, and can be procured at

any of the resort hotels, or of Wil-

liams Bros., The News Office, Mor-

ley's Post Office, or Ira Simons. Er-

nest is a poor but deserving boy, and

all should buy a ticket and help him

in his time of need. Prof. Metcalf's

orchestra will furnish the music, and

MILLBURN

FOR SALE—a good second-hand buggy; inquire of H. Ring, Antioch, Ill.

WANTED—By an A No. 1 farm hand who is a good milker, a position on a farm for the next two months. First-class reference, address: The News, Antioch, Ill.

Miss Addie Schafer has returned from Chicago, where she purchased the largest stock and latest styles of millinery goods ever brought to Antioch, and is prepared to suit old ladies, middle-age ladies, young ladies, misses and children with bonnets, hats, etc., at living prices, from medium to highest grade of goods. Also a complete assortment of face veils. Thanking old customers for past favors, and soliciting new business, I am, Yours, Addie Schafer, Next to Drug Store, Antioch, Ill.

Main Street has been graded. Antioch is "in it"—two tent shows in town this week.

A Burke, who has been on the sick list for several weeks past, is slowly recovering, and we hope to see him out again shortly.

Born to Mr. and Mrs. Will Smart, Friday morning, July 12, a boy baby. The baby weighs about ten pounds, the father weighs a ton.

Fred Shottliff has a pair of diminutive specimens of donkeydom, which he recently purchased of the Fox Lake Stock Farm. They look like two big jackrabbits, and they are goers, too.

At the property owners meeting at the town hall, last Friday evening, it was unanimously decided to change the name of Lake Catherine to Echo Lake, which in the opinion of those present was the more appropriate name, owing to the peculiar fact that four distinct echoes can be heard on the lake at all times. This phenomenon we presume arises from the peculiar shore formations, with belts of timber on every bank.
